3M Polyester Tape 8991/8991L

Technical Data April, 2015

Product Description

3MTM Polyester Tape 8991 is a blue polyester tape with a silicone adhesive. It can be used in a large variety of high temperature applications including powdercoat masking, flashbreaker, and bag sealing applications. Additional applications include, splicing, tabbing, or roll closing silicone treated liners or materials.

| Product Construction | Backing | Adhesive | Liner (8991L) | Color | Standard Roll Length |
|-----------------------------|-----------|----------|---|-------|---|
| | Polyester | Silicone | Polyester | Blue | 72 yds. (65.8 m) |
| Typical Physical Properties | | _ | nical information an only, and should no | | d be considered specification purposes. |

Properties

ASTM Test Method

| Adhesion to Steel: | 31 oz./in. width (34 N/100 mm) | D-3330 |
|--------------------------|----------------------------------|--------|
| Tensile Strength: | 29 lbs./in. width (508 N/100 mm) | D-3759 |
| Elongation at Break: | 100% | D-3759 |
| Backing Thickness: | 1.0 mils (0.025 mm) | D-3652 |
| Total Thickness: | 2.4 mils (0.061 mm) | D-3652 |
| Liner Thickness (8991L): | 3.0 mils (0.075 mm) | D-3652 |
| Temperature Use Range: | Up to 400°F (204°C) | |

Features

- Polyester films offer excellent thermal, abrasion, and chemical resistance while maintaining their flexibility.
- Blue color makes tape placement obvious for both application and removal.
- Thin backing leaves a sharp paint line and some conformability.
- Silicone adhesives offer high heat resistance compared to many rubber and acrylic adhesives, reducing failure due to softening, oozing, and adhesive transfer.
- Silicone adhesives adhere well to tough-to-stick-to surfaces like silicone liners and fixtures coated with mold release.
- Silicone adhesive removes cleanly from many surfaces.
- Linered version available for die-cuts.

Application Ideas Masking for powdercoat painting. Flashbreaker tape when pulling through cured coating such as epoxies. Holding and splicing difficult to stick to surfaces such as silicone liner. Holding parts or sealing vacuum bags during processing. Store under normal conditions of 60° to 80° F (16° to 27° C) and 40 to 60° **Storage** relative humidity in the original packaging material. **Shelf Life** To obtain best performance, use this product within 24 months from date of manufacture. The technical information, recommendations and other statements contained in this document are **Technical Information** based upon tests or experience that 3M believes are reliable, but the accuracy or completeness of such information is not guaranteed. Product Use Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. Given the variety of factors that can affect the use and performance of a 3M product, user is solely responsible for evaluating the 3M product and determining whether it is fit for a particular purpose and suitable for user's method or application. Warranty, Unless an additional warranty is specifically stated on the applicable 3M product packaging or product literature, 3M warrants that each 3M product meets the applicable 3M product specification at the time Limited Remedy, 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR and Disclaimer IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOS OR ANY IMPLIED WARRANTY OR CONDITION ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. If the 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price. **Limitation of Liability** Except where prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.

This Industrial Adhesives and Tapes Division product was manufactured under a quality system registered to ISO 9001:2000 standards.
