

SHOWA
727

An industry-leader in chemical-resistant hand protection, SHOWA's 727 is an unlined 0,38 mm / 15 mil glove that provides superior defense against a broad range of chemicals.

[**FEATURES**

- Unsupported, unlined
- 100% nitrile
- 0,38 mm / 15 mil thick
- Bisque grip
- 330 mm / 13" long

[**BENEFITS**

- Provides chemical resistance against a broad range of solvents, oils, animal fats and other chemicals
- Mechanical resistance
- Bisque finish grip makes wet work easier and safer
- Ergonomic design maximizes comfort

[**INDUSTRY**

Agriculture

Automotive

Chemical

Landscaping

Municipal Services

[**IDEAL APPLICATIONS**

- Chemical spray and treatment
- Light chemical handling in agriculture, horticulture
- Light assembly of oil-coated pieces
- Coating preparation
- Painting & spray workshops
- Washing & cleaning

[**USER INSTRUCTIONS**

Protection against mechanical risks, with electrostatic properties. Do not use where there are electrical, thermal or entanglement risks. Wash at 40°C max. Performance levels as per standard EN388 retained after 3 washes, subject to variations linked to actual usage conditions. The performance levels apply to the coated surface only. Store in a dry place, away from the light. All clothing and shoes worn with the glove with electrostatic dissipation properties must also be designed taking the electrostatic risk into account.

[**DISCLAIMER**

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
