Product #8115: Hypoallergenic Wrist Strap

Product #8107: Premium Wrist Strap Cord

Product #8155: Kit includes #8115 wrist strap,
#8107 coil cord, and alligator clip

Essential ESD wearables for all-day use

ACL's adjustable Hypoallergenic Wrist Straps offer continuous comfort and secure personal grounding for working in ESD protected areas. Once connected to ground, the Hypoallergenic Wrist Strap provides a safe path for eliminating static charges.

Extra thick for added comfort, the flexible, elastic crochet fabric with non-conductive outer lining and conductive inner lining ensures full skin contact around the wrist. Silver conductive fibers are interwoven for maximum conductivity and minimum skin irritation. The Hypoallergenic Wrist Strap is equipped with a "flip and grip" buckle for a secure adjustable fit. The buckle, comprised of static dissipative nylon, features a hypoallergenic plastic back plate and a 4mm stud.

The Hypoallergenic Wrist Strap is compatible with ACL's #8107 Premium Wrist Strap Cord. Together, the system provides one to five pounds of breakaway force.

FEATURES

- ✿ Recommended for all-day wear
