

AMP-25 AC/DC TRMS Mini-Clamp

Convenience Without Compromise

Small size doesn't mean small features. The Amprobe AMP-25 Mini-Clamp is pocket-sized, enabling quick and easy spot checks of electrical systems. With its rugged construction and CAT III 600V rating, the AMP-25 is a must-have professional troubleshooting tool for commercial electricians and electrical contractors.

The AMP-25 is designed to measure AC/DC load current and inrush current for motors. Essential features like True-RMS, non-contact voltage and low pass filter make this clamp stand tall next to clamps twice its size. With the AMP-25, you never have to sacrifice performance for size.

AMP-25 Key Features

- **True-RMS** for noisy environments provides accuracy and dependability
- **AC & DC current** to 300 A (10mA resolution)
- **Low pass filter** for variable frequency drives
- **Inrush current** for motor start-up monitoring
- **Non-contact voltage** detection (NCV)
- **Jaw opening** to 1 in (25 mm)
- **Autoranging**
- **DCA zero** and **data hold**
- **Auto power off**
- **Large LCD backlit display**
- **Safety Rated** CAT III 600 V

Pocket-sized
5.8" height.

AMP-25
AC/DC TRMS
Mini-Clamp

Troubleshoot electrical systems and measure AC/DC load current on exposed wires in a breaker panel.

Utilize the inrush current function for motor start-up monitoring.

The non-contact voltage (NCV) function checks for voltage presence.

Pocket-sized for quick and easy spot checks of electrical systems.
