Description

MSAK812 Includes 2 articulating gooseneck LED with Color Temperature of 5200K

This simple attachment accessory is able to clamp to a variety of bases including the MS35B, MS36B, MS35T and RK-10A. The MSAK812 can firmly secure two LED lights for aided viewing. Product comes with a USB hub that has 2 ports which can be used for the included 2 LED lights and more. This product works perfectly with the the BL-GC1 specimen holder (not included) that can be attached as a post into the MSAK812 and can hold an object and rotate for additional viewing.
