

AM4025X Dino-Eye Edge Eyepiece Camera

\$429

Product Images

Description

The high-quality Edge Series class optics and high-resolution sensor are now available as a 1.3MP version with the Dino-Eye Edge Series AM4025X. This eyepiece camera offers remarkable image performance while providing a relatively larger field of view than its predecessors. The AM4025X design and included adapters allows for fitment within 23mm, 30mm, 30.5mm or c-mount eyepiece slots which can be fixed into ideal focal positions. AM4025X delivers sharp images with authentic color while a large Field of View for revealing more details.
