

MS23B

\$39

Product Images

Description

Articulating clamp stand. This clamp allows optimum viewing angles and uses minimal desk space while attached to any desktop or workspace area. The MS23B is a sturdy clamp suitable for desk thickness up to 3 / 4 " and the flex arm extends 14 inches.

Due to the flexible nature and movement of this entry level stand, it is not recommended for professional use, constant magnification adjustment, or high magnification applications. For adjustable angled viewing and more stability, see the [MS33A](#) or [MS36A-C2](#). [Contact us](#) for more information.
