

# EA439-C

## Features

- Low-abrasive dry soldering tip cleaner reduces thermal shock
- No temperature drop as with conventional sponges
- Brass shavings mean no water needed
- Prolongs tip life by reducing tip oxidation and corrosion
- Compact size takes up minimal bench space
- Suitable for use with all soldering irons with lead-free or leaded tips
- Removes solder debris and cleans tip at same time
- Aluminum holder with rubber base to prevent slipping

## Specifications

## EA439-C Dry Soldering Tip Cleaner

Weight	2.1 ounces (.06 kg)
Dimensions	3.25 inches diameter (82.55 mm)
Replacement insert	EA439-1 metallic tip cleaning element for EA439-C
