JL3RH

Job Link® System Psychrometer Probe

The JL3RH Job Link® System Psychrometer Probe has a long flexible wand and strong sliding magnet for easy measurements anywhere on the system. Get instant live readings from ducts, plenums, registers, or grilles for accurate diagnostics.

- Place in critical locations based on system needs
- Requires only 3/8" hole for duct testing

Connect Directly to Job Link® System

Send measurements directly to your mobile device running the Job Link® system mobile app.

- Return and supply indicator switch
- Measures dry bulb, wet bulb, %RH, dew point, and enthalpy
- Add multiple psychrometers for system wide testing in real time

Flexible Air Measurements

A flexible wand with a powerful sliding magnet provides quick and easy measurements anywhere on the system.
