

Designed to crimp MC4 connectors onto 14, 12, or 10 AWG (2.5 / 4.0 / 6 / 10 mm<sup>2</sup>) solar panel wire, this crimper is the perfect tool for installing and maintaining solar panel connectors.

This crimper features the following:

- Included locator holds MC4 connectors in place for quick and easy crimping
- Parallel jaws with adjustable pressure-regulating gear and self-locking design crimp solar panel connectors perfectly every time
- Built-in ratchet for ease of use
- Made of hardened carbon steel with a black oxide finish for strength and durability
- Dual component grip provides greater comfort and ergonomics
- Able to crimp MC3 connectors using an MC3 die (SPD-MC3), sold separately
