

## The original heavy-duty cart that can turn warehouses into power houses

The PC Series cart is a mobile platform that not only provides the same flexible mobility as our lighter carts but allows for expanded possibilities with room for a laser printer, supplies, inventory and more. With a 30" or 48" tabletop, it can serve as a mobile workspace that has room for your laptop and your paperwork too.

## Outstanding benefits

- › Rugged construction provides a capacity of 400 lbs.
- › Specialized casters allow for precise and easy movements with minimal force required, even at maximum capacity
- › With an additional folding shelf accessory, the table top can be expanded to a generous 66" x 24" (a total of 11 sf!)
