

A-System Static Mixer

Featuring the patented Xemex® technology.

Built for precision, the X2-A5-7L static mixer combines Xemex’s advanced 7-element mixing technology with a compact 50 mm body and a secure luer-lock outlet.

Ideal for fine detail work and controlled 2K adhesive dispensing, its 5.3 mm internal diameter and bayonet-style connection make it a reliable choice for cartridge and cobot systems.

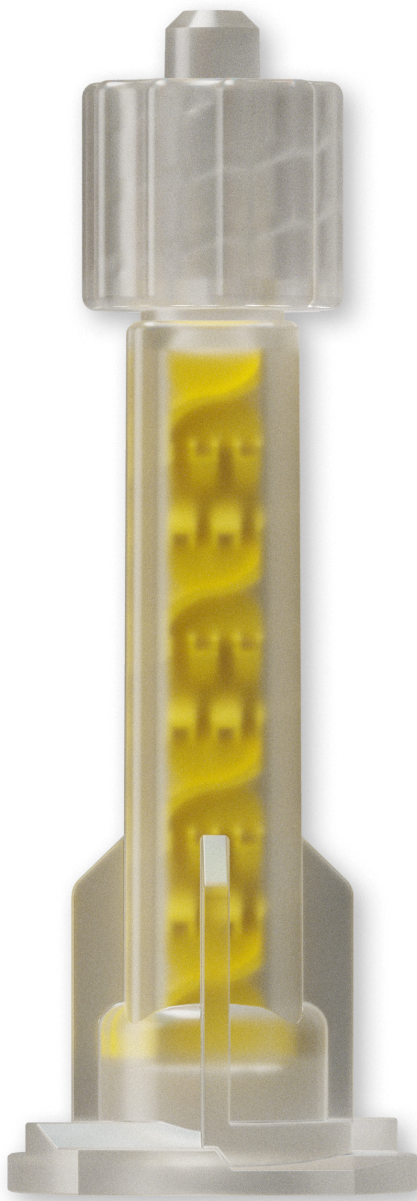

With just 0.6 mL of retained volume, it minimizes waste while delivering consistent, high-quality mixing across a range of ratios.

BENEFITS

- Luer-lock tip offers secure, precise flow control
- 7 Xemex® elements deliver excellent mix in compact form
- Only 0.6 mL of retained waste volume
- Bayonet “twist-lock” connection ensures fast, leak-free fit
- Supports various mix ratios: 1:1, 2:1, 4:1, 10:1
- U.S.-made for quality and short lead times

FEATURES

- Replaces 18 - 24 element mixers
- Compatible with: epoxies, methacrylates (MMA), urethanes, and silicones
