

Product NO. : 758PL6024E

Product Type: High Precision Pliers

Made in: Switzerland

Description: The 6024 is a high precision plier belonging to the long snipe nose plier family. The long jaw length improves the ease of the hold. The serrated surface on the jaw increases its holding capacity. The 6024 is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges. The jaws are hardened to 45HRC hardness.

Head Description: Long Snipe Nose, Serrated Jaws

Body material: High carbon-chromium low alloy steel (100Cr6)

Handle material: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
