

Storage for Flexible Workplaces

For Dry
Environments

TestEquity is proud to introduce versatile, economical and easy-to-clean wire shelving. Our extensive in-stock selection is ready to ship today. And, we've made all the popular sizes easier to order by giving them one part number. In a rapidly changing environment, these products are easily modified to fit your needs. Assembly required.

Features:

Unique Design: The open-wire design of these carbon-steel shelves minimizes dust accumulation and allows a free circulation of air, greater visibility of stored items and greater light penetration. Shelves can be loaded/unloaded easily from all sides.

Fast, Secure Assembly: Posts have circular grooves at 1" intervals. A tapered split sleeve snaps together around each post. Tapered openings in the shelf corners slide over the tapered split sleeves providing a positive lock. Shelf is assembled in minutes without the use of any special tools.

Shelf Wires: Run front to back, allowing you to slide items on and off shelves smoothly.

Posts: Bolt levelers compensate for surface irregularities on stationary posts. Posts also available for mobile application, sold separately.

Finish: Chrome.

Posts

Stationary Posts are equipped with a leveling bolt for uneven floors. Mobile Posts are for use with casters on mobile units.

Part No.	Post Type	Height	List Price	Our Price
TST-65C-SP	Stationary	65-3/4"	\$41.50	\$16.60
599-516	Mobile	61-13/16"	\$32.50	\$13.00

Stem Casters

Use with posts to create a mobile shelving unit to meet your special needs. Each caster is constructed of resilient rubber wheels and plated components. Wheel tread is resilient. Wheel diameter: 5". Load rating is 200 lbs. per caster. Sold individually.

Part No.	Description	Type	Face	List Price	Our Price
TST-5	1 Stem Caster	Stem/Swivel	1-1/4"	\$43.50	\$17.40
TST-5B	1 Stem Caster	Stem/Brake	1-1/4"	\$53.50	\$21.40

Features:

- Safe Storage:** Protects valuable materials and sensitive items from loss or pilferage.
- Ready View of Contents:** Heavy-gauge open wire construction keeps the entire contents of the truck visible at all times.
- Finish:** Durable chrome finish will not chip or flake.
- Modular Offering:** Build stationary or mobile security units with existing shelf, post, and caster options.
- Ergonomic, 1/4-Turn Door Handle:** Makes opening and closing the unit easier than conventional security unit designs.
- Double Door:** Each door opens 270° and can be secured along the sides of the unit.
- Time Saving Assembly:** Security units assemble quickly — right out of the box.
- Shipped Knocked-Down:** Saves on freight costs and is easily assembled.
