

CC9000 Series

Premium Coil Cords

The 2.5mm polyurethane coil insulation offers excellent coil memory. A unique, flat face snap allows for a universally solid connection to standard wrist bands. A shorter, swivel type banana jack increases coil life, prevents cord tangles and fits most bench grounds. Equipped with a 1 meg ohm resistor. Comes in 6' or 12' and 20' lengths. A right angle banana plug version is also available in 6' or 12' lengths.

Meets or exceeds requirements of ANSI ESD-S20.20 and ESDA Standard 1.1-2006

Product Specifications

Coil Cord

Length: 6 feet, extended
 12 feet, extended
 20 feet, extended

Resistor: 1 meg ohm

Flex Life: > 50,000 flexes

Color: Black

Banana: Swivel type
