

## Precision Low Lint Task Wipe, 100% Recyclable, 4.4" x 8.3", 280 per Box

The All-Spec AS-TASKWIPE is a precision low lint task wipe designed for cleaning small parts, lenses and other equipment. These wipes are made from 100% recyclable cellulose and are packaged in biodegradable boxes as an environmentally friendly wipe option. The task wipes are single ply, low linting, very absorbent, soft and will not scratch delicate surfaces. They are excellent for light duty tasks and will easily wipe up liquids, dust and tiny particles.
