# ERT100™ Earth Ground Resistance Tester

## ERT100™ Features

- 2-Wire Certification
- Large digital and analog display
- Two pole and three pole earth resistance test modes
- Earth resistance range 0 - 4,000 ohms
- Earth voltage safety check
- Earth resistance constant current inverter 800HZ approx. 3 mA
- 100 results data memory
- Carry Bag with Shoulder Strap
- Low battery voltage indication
- Backlight

## PRODUCT DESCRIPTION

The **ERT100™ Earth Resistance Tester** is a professional instrument for measuring the resistance of 2-wire electrical equipment safety grounds. With a large LCD display and simple controls, the ERT100™ is valuable in verifying the lightning safety earth connection of new or existing control systems. The tester can store up to 100 sets of measurement data.

## PRODUCT FEATURES

- 2-Wire Certification
- Large digital and analog display
- Two pole and three pole earth resistance test modes
- Earth resistance range 0 – 4,000 ohms
- Earth voltage safety check
- Earth resistance constant current inverter 800HZ approx. 3 mA
- 100 results data memory
- Carry Bag with Shoulder Strap
- Low battery voltage indication
- Backlight

## SPECIFICATIONS

Power Supply	6x1.5V AA Batteries
Product Size	330mmx265mmx125mm/13"x10.4"x4.9"
Product Weight	900g/1.98lb
