Reimagining the Tweezer
Patent Pending

| | Item # | Description |
|---|-----------------|---|
|  | 18023ARS | MM Style - Excellent for general assembly, with strong fine points. <i>Length: 4-3/4" (125mm)</i> |
|  | 18032ARS | 00 Style - Heavy duty strong tips tapering to strong points <i>Length: 4-1/2" (115mm)</i> |
|  | 18013ARS | AA Style - For general assembly. Very strong and fine tips <i>Length: 5" (130mm)</i> |
|  | 18040ARS | SS Style - Extra long and fine point tweezers with extended reach <i>Length: 5-1/4" (135mm)</i> |
|  | 18043ARS | 1 Style - General use tweezers with strong and fine points <i>Length: 4-1/2" (115mm)</i> |
|  | 18056ARS | 3C Style - Fine point tweezers with shorter length <i>Length: 4-1/4" (110mm)</i> |
|  | 18049ARS | 2A Style - Straight flat points for gripping and holding small chips <i>Length: 4-1/2" (115mm)</i> |
|  | 18062ARS | 5 Style - Extra fine and rounded tips for delicate work <i>Length: 4-1/4" (110mm)</i> |
|  | 18072ARS | 7 Style - Curved, super fine points for assembly work <i>Length: 4-1/2" (115mm)</i> |

Reimagining the Tweezer
Patent Pending

Angled Bend

- Aligns the tips parallel to each other, providing a **fatigue-reducing grip and a larger surface area** to work with.

Highly-polished stainless steel tips with rounded edges.

- Handle your delicate materials without scratching or marking.

ESD safe coating

- Attractive coating protects the tweezers grip

Exclusive design reduces hand fatigue, enhances productivity

The tweezers are one of the longest standing and most important staples of every work bench, and Aven's innovative **Artisan Tweezers** have set a new precedent for precision. Aven's cutting edge design features a **angled bend** at the end of the tip, which provides a softer overall grip with a large surface area that **reduces hand fatigue, enhancing productivity**. The durable tweezers are protected by an attractive ESD safe coating, and the **highly polished stainless steel tips** with rounded edges allow operators to handle very fine wire, miniature parts, electrical components, and other delicate materials in a confined space without risk of damage. Aven understands unique work requires unique tools, which is why we have **9 varieties** to suit your individual needs.
