

Put It All on the Line

ToughStripe® Floor Tape Applicator

Different areas of your facility require different types of floor marking tape. But that doesn't mean you need to use multiple tools to get the job done — put it all on the line with the ToughStripe Floor Tape Applicator. Unlike most competitive products, **you only need this one applicator for all of your floor marking tapes** — including thick, heavy-duty tapes and thin, temporary tapes. The benefits don't stop there. With this applicator you also get:

- **Easy application** — ergonomic lightweight design keeps application and material changeovers comfortable
- **Quick cleanup** — applicator winds liner onto an extra core as you apply the tape to make application and clean up fast and easy
- **Convenient storage** — small footprint fits in tight spaces
