

CABLE LOCKOUT DEVICES

CONQUER ANY ISOLATION POINT

For those hard-to-fit, hard-to-reach or *just plain hard* isolation points, cable lockout devices are an easy fix. Stop the trial and error, and unnecessarily full toolbox, that comes with stocking multiple application-specific devices. With a single cable device, you can lock out several disconnects and valves. Or, for those unusual energy isolation points, cable lockouts weave, shape or wrap to provide an easy, secure fit.

Lockout**

All-Purpose Cable Lockout

Works where others don't

- ▶ Adaptable device fits in tight or tricky spaces and can lock out several isolation points at once
- ▶ Ergonomic handle lets you easily pull cable tight to remove slack at any point in the process, even in a locked state
- ▶ Use of a ferruled cable is not required, giving you the flexibility to cut spooled cable to specific lengths
- ▶ Green may be used to indicate normally open valves and red for normally closed

Clamping Cable Lockout

Everything you love about the All-Purpose Cable Lockout, with a clamp

- ▶ Conquer tough or tight spaces and the widest variety of ball, gate and butterfly valves
- ▶ Innovative design puts maximum options for a fixed counterpoint in play, including the immediate valve pipe
- ▶ Familiar quick-release trigger clamp with ergonomic grip allows for easy one-handed operation
- ▶ Cam wheels grip cable securely, closable cam door prevents cable loosening or tampering, and panel door arm prevents clamp releasing

No-Handle Valve Lockout with Cable

No handle, no problem

- ▶ Bring the convenience of a cable lockout device to handle-off ball, gate and pneumatic valves
- ▶ Goes on easy – just place cap, thread cable, close door, pull tight and apply padlock
- ▶ Stays on securely – tough cam wheels hold cable tight and closable protective cam door prevents loosening or tampering
- ▶ Two interchangeable rubber bases ensure a snug fit

Panel Cable Lockout

So many breakers ... one device

- ▶ Effectively locks out all breakers in a panel at once
- ▶ One-piece design is easy to install and remove
- ▶ Multiple attachment options to fit a wide range of electrical panel doors
- ▶ Compact and lightweight to fit in a lockout bag or toolbox
- ▶ Extra-secure cable hold with cam wheels and a sturdy, ribbed cable channel
