

Product Update Notice

March 2025

Honeywell Safety Suite Device Configurator

End of Life Notice Update

Affected: Global

Dear Customers and Colleagues,

At Honeywell, we constantly evaluate and update our product line to help our customers meet their evolving gas detection needs worldwide. Sometimes, this means discontinuing an offering and focusing our efforts on others to stay ahead of the market.

As of March 31st, 2025, Honeywell will no longer offer or support the Safety Suite Device Configurator (SSDC), and this software will be removed from the Honeywell website.

ALTERNATE OFFERINGS

Honeywell Safety Suite Deluxe

Advanced Portable Gas Detector Fleet Management Software

Customers are encouraged to upgrade to Honeywell Safety Suite Deluxe, a cloud and on-premises subscription software solution optimal for managing fleets of Honeywell portable gas detectors and docks. In addition to basic device and data management tasks, this software provides advanced features like a centralized dashboard, scheduled reporting, and task automation.

Part Number	Description
SS-200-01-0000001	1 Deluxe Device License, 1-Year
SS-200-02-0000001	1 Deluxe Device License, 2-Year
SS-200-03-0000001	1 Deluxe Device License, 3-Year
SS-200-04-0000001	1 Deluxe Device License, 4-Year
SS-200-05-0000001	1 Deluxe Device License, 5-Year

Signing up for a six-month trial account is quick and easy*. To activate this offer, sign up below:

- **Safety Suite Deluxe Cloud:** If you are outside the EMEA region, click [here](#) to sign up for your trial. If you are in EMEA, click [here](#).
- **Safety Suite On-Premise Software:** Download the On-Premise version [here](#). After downloading and installing the software, you can request a trial from the home page of the installed software.

Honeywell Device Configurator Mobile App

The Device Configurator (DC) App Allows Gas Detectors to be Managed on a Mobile Platform

The Honeywell Device Configurator (DC) Mobile app will also remain available. It allows customers to configure and manage data from Bluetooth-enabled portable gas detectors. Download the DC mobile app from the Apple App Store or Google Play.

Safety Suite Essential and Standard/Standard+**

Essential and Standard options are now available in Safety Suite v3.6.0 and Standard+ with v3.6.1***

Experience the streamlined efficiency of Safety Suite Standard/Standard +, which provides bump and calibration certifications, event data logs, reporting, comprehensive configuration features, and essential firmware updates. Explore the simplicity of Safety Suite Essential, a free software package with device configuration features and firmware updates at no extra cost.

The **Standard Package** allows single computer instrument access for up to 5 users.
