

## MODEL 88G *Twincone Magnet Wire Stripper*

The Model 88G is designed to efficiently strip miniature coils and fine magnet wire by the use of rotating cone shaped stripping wheels. Our unique Twincone<sup>®</sup> wheel design makes close stripping possible on all types of film insulations. Strips to within 1/8" of a component's body are possible. Our Twincone<sup>®</sup> Stripping Wheels may be cleaned with a Wheel Dresser, plus raised for maximum Wheel life. Each machine comes Standard with (1) pair of Twincone<sup>®</sup> Wheels, durable Powder Coat Finish and 1 Year Limited Warranty.

### STANDARD FEATURES:
