

DuPont™ Tychem® 4000

Effective protection against a wide range of chemicals

- Tychem® 4000 fabric utilizes a chemical barrier film laminated to a Tyvek® substrate
- Rugged and durable
- White for high visibility
- Provides at least 30 minutes of protection against >120 chemicals
- When used with other PPE, can help reduce the risk of cross-contamination in pandemic preparedness activities
- Passes ASTM F1670 and ASTM F1671 tests, offering bloodborne pathogen protection

Please visit our free online DuPont™ SafeSPEC™ selector tool to determine the most appropriate protection based on your hazard risk assessment.
