

# CLEANROOM SAFE | BRUSHES

★★★★ EXTREME PRECISION | SPECIALTY

## ESD Safe Brushes

( $10^8$ - $10^{11}$  ohms/sq)

Made with stainless steel handles and horse hair bristles to provide ESD protection. The bristles are mechanically clamped into the handle for maximum fiber retention without the use of adhesives which could contaminate the work area. Soft and slightly stiff, heat resistant to 370°F.

212A-H 212B-H 212C-H 212D-H

## Cleanroom Safe Brushes

( $10^8$  ohms/sq)

Designed for general cleaning in tight areas. Bristles are mechanically clamped into the handle for maximum fiber retention without the use of adhesives which could contaminate the work area. New Stratigo9 fibers are similar to nylon fibers, except they are Static Dissipative.

213A-N 213B-N 213C-N 213D-N

Part#	Bristles	Length
212A-H	Horse Hair	3.5" (88mm)
212B-H	Horse Hair	4.75" (120mm)
212C-H	Horse Hair	4.75" (120mm)
212D-H	Horse Hair	6" (150mm)

Part#	Bristles	Length
213A-N	Stratigo9	3.5" (88mm)
213B-N	Stratigo9	4.75" (120mm)
213C-N	Stratigo9	4.75" (120mm)
213D-N	Stratigo9	6" (150mm)

## Materials

**Horse Hair:** Soft and slightly stiff. Used for scratch-free dry brushing. Heat resistant to 370°F. ESD Safe ( $10^8$ - $10^{11}$  ohms/sq)

**Stratigo9:** A static dissipative acetal which is as durable as nylon, thick enough to perform mechanical work and does not shed or slough and is cleanroom compatible.
