User Manual

**Waterproof Thermometer
Model 39240**

Operation

ON/OFF: Press to turn power on or off

C/˚F: Press to select the temperature units

MODE: Press once to hold the display. Auto OFF will be disabled and shown with an "X" on the display. Press and hold "MODE" for 3 seconds and the "X" will disappear. The instrument will return to normal operating mode. Press a second time to display the stored maximum reading. "MAX" will appear in the display. Press a third time to display the stored minimum reading. "MIN" will appear in the display. Press a fourth time to return to normal operation.

Reset: With "MAX" or "MIN" in the display, press and hold the MODE key until - - - appears. The memory selected is cleared. Press MODE to return to normal operation.

Battery Replacement

1. Use a flat blade screwdriver or a coin to open the rear battery compartment

2. Replace the button battery and replace the cover.

Other Battery Safety Reminders
- Never dispose of batteries in a fire. Batteries may explode or leak.
- Never mix battery types. Always install new batteries of same type.
