Name: **Softgrip® Fingertip Detail Knife**

**Maximize cutting control and sensitivity with a comfortable knife designed specifically for intricate cuts.**

Designed to maximize your cutting precision, the Softgrip® Fingertip Detail Knife features an ergonomically sculpted finger-loop handle enhanced with Softgrip® for unmatched control, comfort and sensitivity. A great choice for cutting paper, cardstock, thin plastic, photos, canvas and more, the knife comes stocked with a standard #11 blade that's great for cutting in tight spaces or trimming edges. In addition, a no-roll design and included blade cap improve safety. Compatible with most standard blades, this versatile knife ensures you can always use the blade that's right for your materials and project.

**Features**

- Ideal for precisely cutting a wide variety of materials, including paper, cardstock, thin plastic, photos, canvas and more
- Ergonomically sculpted finger-loop handle offers maximum control and sensitivity
- Softgrip® touchpoint enhances comfort and control
- No-roll design prevents knife from rolling off work surface
- Included safety cap protects blade during storage
- Replacing the blade is easy and takes only moments
- Includes one #11 blade
- Compatible with standard blades, including #10, #11, #16, #17
- Five-pack of replacement #11 blades available (item 196010)
- Full lifetime warranty

**Use**

- To remove blade, twist metal neck counterclockwise to loosen. Carefully remove blade. Always avoid contact with sharp edge
- To insert blade, insert blade base into blade slot. Push blade in completely and align with neck. Tighten by twisting metal neck clockwise
