

# Fluke Industrial Imaging Software Announcement Letter

21 May 2025

We are excited to announce the release of many new features for the Fluke ii-Series.

- ii-series Firmware v6.1 release
- Fluke Connect Desktop 2.0.6 update available (for upgrading to v6.1)

## **BASELINE™**

### Highlights:

- Acoustic imaging capability (New to Baseline)
- Direct-to-web upload of images (no need to install PC app)

### Acoustic

- Upload and save AS2 images, view them in the image manager (gallery)
- Create/edit/save acoustic reports

### Acoustic and Thermal

- End-to-End workflow improvements
- Batch edit capability (including acoustic operating conditions)
- Toggle view in image manager (acoustic/thermal/both)
- Improved user feedback when images are uploading/processing/saving, etc.
- Rename images/folders in reports
