Product Description	HellermannTyton's Rite-On Flagger is a fast, economical and convenient way to identify conductors prior to pulling them through the plenum or for quick, permanent marking of wire and cable in any electrical application. The dispenser contains 125 labels that can easily be flagged or wrapped around a cable and can accept pencil, pen, gel pens, Sharpies or even paint pens without smearing. As a refillable dispenser, this eliminates landfill waste to help support sustainability initiatives.
