

## Product Datasheet

**Product code:** ES5351.CR.BG

**Product type:** High Precision Cutters

**Made in:** Switzerland

**Description:** The 5351 is a high precision cutter belonging to the large tapered cutter family. This type of geometry and head dimensions offer an advantage to support the cut. The flush cutting edge is suitable to perform clean cuts with some tolerances. The 5351 is equipped with an ESD Ergo-tek slim handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharge. The blades are hardened to 67HRC hardness.

**Head description:** Large Tapered

**Cutting edges:** Flush

**Cutting capacity:** soft wire 0.2-1.6 mm ( 32-14 AWG)

**Body material:** High carbon-chromium low alloy steel (100Cr6)

**Handle coating:** ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP

**Dimensions:**  
 OAL 123 mm – 4.843 inch  
 Width 60 mm – 2.362 inch  
 Height 18 mm – 0.709 inch
