

Product Datasheet

Product code: ES5542.CR.BG

Product type: High Precision Cutters

Made in: Switzerland

Description: The 5542 is a high precision cutter belonging to the small tapered and relieved cutter family. This type of geometry and head dimensions offer the best advantage to access small areas. The full-flush cutting edge is suitable to perform very clean cuts on small size material. The 5542 is equipped with an ESD Ergo-tek slim handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharge. The blades are hardened to 67HRC hardness.

Head description: Small Tapered & Relieved

Cutting edges: Full-Flush

Cutting capacity: soft wire 0.1-0.8 mm (38-20 AWG)

Body material: High carbon-chromium low alloy steel (100Cr6)

Handle coating: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
