

## Product Datasheet

**Product code:** **ES6021.CR.BG**

**Product type:** High Precision Pliers

**Made in:** Switzerland

**Description:** The 6021 is a high precision plier belonging to the snipe nose plier family. The short jaw length increases the strength of the hold. The smooth surface on the jaw prevents scratches while holding. The 6021 is equipped with an ESD Ergo-tek slim handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharge. The jaws are hardened to 45HRC hardness.

**Head description:** Snipe Nose, Smooth Jaws

**Body material:** High carbon-chromium low alloy steel (100Cr6)

**Handle coating:** ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
