- Skid legs offer easy access and mobility with fork lifts
- Easy post-purchase installation
- Designed for indoor environments

Description

Boost the mobility and rugged utility of your Utili-Guard+™ flammable cabinet with the Skid Leg Kit 29034, engineered for environments where flexibility and heavy-duty access are a must. These durable steel skid legs enable easy movement by forklift from any side and are ideal for outdoor storage, industrial facilities, or any application where repositioning your cabinet is routine.

NOTE: The Skid Leg Kit is currently ONLY compatible with 30-, 45-, and 90-gallon sizes of Utili-Guard+ flammable cabinets. These install quickly, even after your cabinet is in place. Each base cabinet also features adjustable leveling legs to ensure stability on uneven surfaces.

Choose the Skid Leg Kit for Utili-Guard+ flammable safety cabinets when you require enhanced mobility, robust transport, or outdoor deployment. For a cleaner, elevated appearance in an indoor or stationary setting, select the [Tower Leg Kit 29033](#) instead. Both leg kits provide the flexibility and support needed for your unique storage setup.
