Kimberly-Clark
PROFESSIONAL™

Our promise

Positively impacting people and how their work gets done

For 150 years, we've been there for our customers. Helping to make workplaces hygienic, safe, productive and sustainable. We deliver confidence with solutions that are as unique as your workplace through:

• **Expertise** that drives confident choices

• **Innovation**, designed to perform and protect

• **Trusted, familiar brands** that make a difference

• **Sustainability**, as responsible partners in reducing environmental impact

• And **a full product portfolio and simple structure** that makes it easy to select the right high-quality solutions for any environment.

As a trusted partner, we're here to help you grow and thrive in the years ahead. That's our promise. Partner with us to create exceptional workplaces. Because together, we'll move your business forward.

Creating hygienic workplaces with our trusted brands

Today's world of heightened hygiene requires a proactive and comprehensive approach to surface cleaning. The tools you choose are critical to maintaining a hygienic environment.

Our high-performance, trusted brands help ensure the highest levels of cleaning, sanitizing and disinfecting.

Chief among them: single-use, disposable wiping products that help minimize the risk of cross-contamination.

There's a lot of uncertainty in today's world, but there's one thing you can rely on: **our ability to deliver results for you and your people.**

Scott®

Scott® is one of the world's most trusted brands.[1]

WYPALL® BRAND

WypAll® is the #1 disposable wipe.[2]

KIMTECH™

Kimtech Science™ Kimwipes® have been the industry leader for over 60 years.

Performance you can rely on. Brands you can trust.

Surveys have found that well-known brands can make a difference in people's perceptions of an environment.

That's why it's so important to choose **tested and trusted brands for your workplace.**

84% said familiar brands signal a clean and hygienic environment

41% of decision-makers say familiar brands are more important to consumers now than before

No matter which surfaces they come in contact with throughout their day, give your employees and visitors **greater peace of mind** by providing proven cleaning and disinfecting solutions to help **break the chain of germ transmission**.

Cleaning

removes germs, impurities, dirt, grease and grime from surfaces or objects.

Sanitizing

lowers the number of germs on surfaces or objects to a safe level, as judged by public health standards or requirements.

Disinfecting

uses chemicals to kill bacteria, fungi and viruses on surfaces.[3]

Simple selection. **Reliable results.**

Our solutions and the value they bring to you haven't changed, but the way we've organized our portfolio has. We've simplified things to make it easier to find the right wipe for the task by aligning our portfolio with three distinct cleaning categories: **GENERAL**CLEAN™, **POWER**CLEAN™ and **CRITICAL**CLEAN™.

Each of these cleaning categories offers you task-specific products. In addition, we've organized our offerings around three levels: **Reliable, Recommended** and **Best-in-Class**.

(Refer to pages 14-17 for more information and detailed product charts to help guide your selection.)

This will help you locate the right solution at a glance. And by making selection easier, you get an efficient, effective and reliable clean every time, everywhere you work.

GENERALCLEAN™

Efficiency you can count on

—

Create a clean work environment with effective light- to medium-duty general cleaning solutions.

Typical tasks:
- Spray-and-wipe jobs
- Wiping counters, desktops, glass
- Personal wiping[4]
- General purpose cleaning

Quick Absorbing

Dust & Dirt

POWER*CLEAN*™

Tackles the toughest tasks

—

Maximize performance while minimizing time, effort and product waste.

- Wiping parts and machinery[5]
- Absorbing grease
- Applying solvents
- Low-lint surface prep
- Away-from-sink cleaning of hands

Low Lint   Durable   Absorbency

CRITICAL*CLEAN*™

When your clean can't be compromised

—

Help reduce contamination risk with cleaning, disinfecting and sanitizing solutions.[6]

- Sanitizing and disinfecting high-touch surfaces[6]
- Wet wiping, using your disinfectant or sanitizer
- Cleaning food prep surfaces[7]

Kills Germs[6,8]   Food Surface Cleaning[7]

GENERALCLEAN™

Leave no debris behind — to make work easier, faster and more efficient.

You'll find these disposable towels in:

- Hospitality/housekeeping
- Retail/grocery
- Restaurants/cafes
- Healthcare
- Lobbies/breakrooms
- Facility maintenance
- Classrooms

Multi-Task Cleaning Cloths | X60   34790

FEATURES & BENEFITS

Scrubbing power | Water absorbency | Rag replacement

- Reinforced for extra scrubbing power
- Absorbs up to 70% more water per sheet vs. the leading branded disposable and absorbs water 2x faster than rags*
- 70% of customers prefer WypAll® X60 over rags to remove sticky residue/substances

TASKS

- General purpose cleaning
- Scrap rag/t-shirt replacement

Quick Absorbing | Durability

Heavy Cleaning Towels | L30   05812

FEATURES & BENEFITS

Soft | Absorbent

- A plush, soft surface with pockets in the inner layer to enhance absorbency
- Soft enough for personal use on hands and skin[4]

TASKS

- Wiping up spills
- Personal wiping/bathing[4]

Extra Soft

Light Cleaning Towels | L10   05320   EPA FSC

FEATURES & BENEFITS

Light-duty | Portable | Versatile

- Transport easily to save time and effort
- Pop-Up™ Box format delivers a clean, fresh towel each time and protects your towels against contaminants
- Better drying performance than "paper" towels

TASKS

- Spray-and-wipe jobs
- Cleaning glass, tables and counters

Water & Liquids | Dust & Dirt
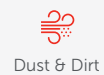

Additional formats and colors available.

POWER*CLEAN*™

Tackle the toughest tasks — from heavy-duty cleanup to lint-free surface prep.

You'll find these in:

- Automotive
- Airline cleaning
- Transportation/rideshare cleaning
- Utility work
- Paint prep
- Forestry

Heavy Duty Cloths | X80

41055

FEATURES & BENEFITS

Maximum durability | Lowest lint | Absorbs oil & grease | Shop/Cloth towel replacement

- Durable wipes that absorb more water and oil than textile shop rags and stay strong
- 3x less lint vs. rental shop towels
- One jumbo roll replaces up to 75 lbs. of rags

TASKS

- Cleaning abrasive surfaces
- Wiping metal shavings
- Machine, tool and part cleaning
- Absorbing industrial size spills (water, grease and oil)

Durability | Oil & Grease | Low Lint

Medium Duty Cloths | X70

41455

FEATURES & BENEFITS

Tackles dirt, grime | High fluid absorbency

- Cleans and tackles dirt, oil and grime
- Absorbs and releases large amounts of water
- Tough when wet to resist ripping and tearing
- A fast-absorbing, tear-resistant, premium cloth

TASKS

- Applying solvents
- Detail and final assembly wiping
- Equipment cleaning

Durability | Solvents

Extra Absorbent Towels | L40

05701

FEATURES & BENEFITS

Soft & thick | Oil & liquid absorbent

- Specially designed to absorb liquids, lubricants and oils
- A plush, soft surface with pockets in the inner layer to enhance absorbency

TASKS

- Wiping up spills large and small
- Absorbing liquids and oils

Extra Soft | Absorbency

WypAll® ProScrub™

91371

FEATURES & BENEFITS

Away-from-sink hand cleaning

- Dual-textured wipe for maximum versatility to take on a range of messes: rough side for scrubbing, smooth side for wiping
- Quickly removes a wide range of soils such as oil, ink, grease, grime and paint from hands
- Removes grease from hands

TASKS

- Removes oil, grease and grime from hands
- One-step wiping system that won't spill

Scrub | Oil & Grease | Ink

Additional formats and colors available.

CRITICAL*CLEAN*™

Mitigate contamination while maximizing hygiene.

You'll find these in:

- Restaurants/cafeterias/delis
- Hospitals/long-term care facilities/ medical offices
- Office buildings
- Government facilities
- High traffic locations
- Gyms

Scott® 24 Hour Sanitizing Wipes

53609 (US) / 53686 (CAN)

FEATURES & BENEFITS

Residual sanitization | Effective cleaning | Broad spectrum disinfection

- Initially cleans and disinfects, continuously sanitizes for 24 hours[9]
- Disinfects cold and flu[10], and COVID-19[8] viruses, as well as *E. coli*, *Salmonella*, and *Strep* bacteria[11]
- One-step protection, no spray required— the first wipe to actively work hour after hour so you don't have to[9]

TASKS

- Continuous sanitization of high touch surfaces
- Disinfection of non-porous hard surfaces

Disinfectants

WetTask™ Customizable Wet Wiping System

06411

FEATURES & BENEFITS

Broad compatibility, match one substrate to multiple cleaners | Reduce chemical cost/waste with our airtight system

- #1 closed bucket system in North America from the #1 brand in disposable wipes[12, 13]
- Step up to single-use wipes with an airtight seal that saves you at least 20% in chemical costs guaranteed[14]
- Reduce cross-contamination with single-use wipes while mitigating VOCs and inhalation risk with closed buckets

TASKS

- Disinfection of non-critical medical devices[15]
- Sanitization of food-contact surfaces[15]
- Disinfection of non-porous hard surfaces[15]

Disinfectants[15]

Heavy Duty Foodservice Cloths

51634

NSF FSC

FEATURES & BENEFITS

High absorbency | Durability & scrubbing | NSF® & FSC® certified (select codes)

- Absorbs 25% faster than the leading competitive disposable wipes
- Durable, absorbent cloths stay strong for cleaning and sanitizing
- Cleans residue rags leave behind

TASKS

- Cleaning and wiping tables
- Wiping food prep areas
- Cleaning food counters

Food Surface Cleaning

Additional formats and colors available.

A range of **effective solutions.**

GENERALCLEAN™ | **POWER**CLEAN™ | **CRITICAL**CLEAN™

Once you've determined the cleaning category and task you want to tackle, the next step is to select the degree of wiping effectiveness. For each category, we offer three levels of clean to help you identify the solution that best fits your needs.

Meltblown WetTask™ System	✔	✔	✔	✔
Spunlace WetTask™ System	✔	✔	✔	✔

✔ **Compatible**
Soaking the wiper in the chemical prior to use will not diminish the efficacy of the chemical. The wiper is chosen based on suitability for use with the specific type of chemistry.

✘ **Not Compatible**
Soaking the wiper in the chemical could result in reduction of the active ingredient and diminish the efficacy of the chemical. The chemical could have an adverse effect on the structure of the wipe causing it to break-down prematurely in use, diminishing the performance of the wipe.

Full saturation
Dry wipe is saturated in chemical liquid

Technology Descriptions

WypAll®, Kimtech™ & Scott® basesheets

Technology	Description	Recommended Wiping Solution[23]
Hydroknit®	A process known as hydroentangling that bonds cellulose fibers into polypropylene nonwoven webs through the use of high-pressure water jets that strike the webs in an agitating motion, causing the fibers to become entangled. The cellulose provides absorbency. The nonwoven provides strength.	• WypAll® X50 Cleaning Cloths • WypAll® X60 Multi-Task Cleaning Cloths • WypAll® X70 Medium Cloths • WypAll® X80 Heavy Duty Cloths • WypAll® WetTask™ Customizable Wet Wiping System for Chemicals and Solvents (06001, 06006) • Scott® Cleaning Towels • Scott® Shop Towels Heavy Duty™
DRC	Our DRC (Double Re-Creped) basesheet technology produces a plush, soft surface with pockets in the inner layer to enhance absorbency. The tissue provides the softness and water absorbency; the latex delivers oil absorbency and adds wet strength vs. a paper towel.	• WypAll® L40 Extra Absorbent Towels • WypAll® L30 Heavy Cleaning Towels • Scott® Shop Towels Original™ • Scott® Rags On A Roll™ • Scott® Rags In A Box™
LDC	Light Dry Creped: conventional tissue manufacturing. Textured for extra cleaning power; multi-ply for strength and absorbency.	• WypAll® L20 Medium Cleaning Towels • Kimtech Science™ Precision Wipes • Kimtech Science™ Kimwipes® Delicate Task Wipers
UCTAD	Uncreped Through Air Dried: manufacturing process that creates high-level absorbency and mid-level wet strength.	• WypAll® L10 Light Cleaning Towels • Scott® Shop Towels Glass™
Meltblown	A nonwoven process that extrudes polymer resins to form fine filaments. Compatible with most common disinfectants containing actives ingredients such as quats, bleach, hydrogen peroxide and peracetic acids.	• WypAll® WetTask™ Customizable Wet Wiping System for Bleach, Disinfectants and Sanitizers (06411, 06471, 77320) • Scott® 24 Hour Sanitizing Wipes
Spunlace	A process known as hydroentangling that bonds natural or synthetic fibers into nonwoven webs through the use of high-pressure water jets that strike the webs in an agitating motion, causing the fibers to become entangled. The natural or synthetic fiber provides absorbency. The nonwoven provides strength.	• WypAll® WetTask™ Customizable Wet Wiping System for Chemicals and Solvents (06211, 53850) • Scott® Paint & Stain Cloths • Kimtech Prep™ Scottpure™ Wipes

Our promise
Sustainability

We're your **responsible partner** in sustainability and we're proud of our industry-leading performance in environmental impact.

- 100% of electricity used to make WypAll® L and X series wipes is offset by wind energy
- 96% of our manufacturing waste was diverted from landfills in 2020
- WypAll® L10 and L20 series wipers meet EPA guidelines for minimum post-consumer waste content
- Wipers can help reduce waste by 37%

When you choose Kimberly-Clark Professional, you're choosing a partner who not only values your business and customers, but also the world we share.

For more information on how to make your facility truly exceptional – a place where everyone feels equipped and empowered to contribute to a more hygienic environment, visit our workplace hygiene page:

U.S.:
KCProfessional.com/en-us/solutions/workplace-hygiene-tools-and-solutions
Canada:
KCProfessional.ca/en-ca/solutions/workplace-hygiene-tools-and-solutions

Try it. Risk-free.

Replace your current wiping products with Kimberly-Clark Professional solutions for 60 days. If you don't see a 20% cost savings, we will reimburse you the difference between the cost of your product and our product up to $1,000. Guaranteed!‡

MONEY BACK GUARANTEE SAVE FOR 60 DAYS

Kimberly-Clark PROFESSIONAL™

Symbols Key

TAA Product complies with the Trade Agreements Act

All WypAll® white L series towels can be aerobically composted in municipal or industrial facilities in the United States and Canada by ASTM D6868-11. Check with your waste hauler to ensure your application and their composting process are compatible.

EPA Meets EPA guidelines for minimum post-consumer waste content: towels 40%, bathroom tissue 20%, facial tissue 10%

FSC FSC® Certified
