New! **HARD HAT TURBO FAN** (#60821, 60822)
for Hard Hats and Safety Helmets

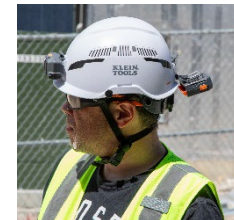

With a continuing focus on jobsite **safety** and **cool innovation**, in a world where climate continues to be warming... this new **TURBO FAN** is designed to fit on Klein Hard Hats and Safety Helmets, as well as hard hats and safety helmets without Klein mounts – by utilizing the included dual-mount strap. An adjustable vent directs airflow down to the neck area or up under the shell with three powerful modes (turbo, high and low), and continuous run times up to 12 hours! This lightweight, compact fan attaches to a brim (or the included hinged bracket) to maintain a low profile and it can be flipped UP for 'storage' when not in use. Powered by Klein's Modular Rechargeable Battery (#29025) — the battery can support an additional fan (60822) for added air flow, charge other USB powered electronic devices, and swapped out with a spare for extended run time.

Full Brim Hard Hat

Cap Style Hard Hat

Safety Helmet

Adjustable Vent

Add an extra fan for faster cooling and more coverage!

Klein Tools Hard Hat TURBO FAN offers:

- **Easy clip mount design:** directly clip on to brims, full brim or reverse donned hard hats
- **3-Speeds: Turbo-6 hrs, High-8 hrs, Low-12 hrs** - for rapid cooling and long-term comfort
- **Adjustable Vent (Up/Down):** Directs airflow to neck or under shell
- **Versatile:** Hinged bracket allows attachment to Klein accessory mount for shells with no brim
- **Convenient:** Hinged bracket flips UP for out-of-the-way storage when not in use
- **Expandable:** Add an extra fan for faster cooling & more coverage
- **Flexible Design:** Dual-mount strap for attachment to hard hats without accessory mounts

Dual Mount Strap (included) for use on Hard Hats without mounts
