## *New!* Ratcheting Combo Wrench Sets

*New ratcheting combo wrench sets with premium features to ensures tasks are quick, comfortable, and easy.*

Cat. No. 69408G

Cat. No. 69408MG

Introducing Klein Tools' ratcheting combination wrench sets. Each set contains 8 (SAE OR Metric) wrenches with color coded size markings to easily identify each tool. These wrenches are made from cold-forged steel alloy precision machining finish and black phosphate coating for long-lasting rust prevention. The 90-tooth ratchet mechanism minimizes the return angle for maximum access.

- Compact adjustable wrench with extra capacity, suitable for tasks in confined spaces
- Easy to adjust knurls for smooth, single-handed operation
- Made with alloy steel to handle the torque and wear of tough jobs any size needed for the job

### **90-Tooth Ratcheting Box Wrench Set, 8-Pc, SAE**

Cat. No. 69408G

- 8-Pc SAE set comes with 5/16, 3/8, 7/16, 1/2, 9/16, 5/8, 11/16, and 3/4-Inch ratcheting combination wrenches
- 90-tooth ratchet mechanism to minimize the return angle for maximum access - 20% improvement on 72-tooth ratchets
- Ergonomic handle with recessed areas for your thumb or index finger to rest naturally for comfortable, all day use
