

# NON-MARRING HEAVY-DUTY STABILIZER KNEE PAD

Large, flat shell keeps users steady  
and balanced in stationary positions

**KLEIN TOOLS** 

## KNEE PAD PROTECTION

The Non-Marring Heavy-Duty Stabilizer Knee Pads from Klein Tools provide a durable, comfortable knee pad solution for the most rugged and tough environments. The gel and foam padded pockets maximize pressure distribution for ultimate comfort. While the low-profile flat knee pad surface offers stability and agility when moving side to side for the best on the job performance. Quick-fasten buckle and hook and loop strap on top hinge and bottom ensure a secure fit. Perfect for jobsites requiring all-day heavy duty knee protection.

**Low-profile, flat shell provides ultimate stability and balance**

**Non-Marring Shell prevents marking on finished floors**

**Gel and foam padded pocket for maximum pressure distribution**
