## Safety Data Sheet

Revision Number: 004.1

### 1. PRODUCT AND COMPANY IDENTIFICATION

Product name:

 Product type:
 Epoxy

 Restriction of Use:
 None

 Company address:
 Henkel Corporation

 One Henkel Way
 Rocky Hill, Connecticut 06067

LOCTITE ABLESTIK 24 PTB known as ECCOBOND 24 PTB 7OZ QT Epoxy Hardener None identified

IDH number:

1188040

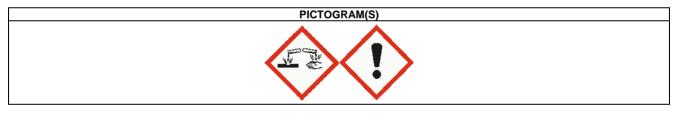

Item number:1188040Region:United StatesContact information:Telephone: +1 (860) 571-5100MEDICAL EMERGENCY Phone: Poison Control Center1-877-671-4608 (toll free) or 1-303-592-1711TRANSPORT EMERGENCY Phone: CHEMTREC1-800-424-9300 (toll free) or 1-703-527-3887Internet: www.henkelna.com

#### 2. HAZARDS IDENTIFICATION

# DANGER:

EMERGENCY OVERVIEW CAUSES SEVERE SKIN BURNS AND EYE DAMAGE. MAY CAUSE AN ALLERGIC SKIN REACTION.

| HAZARD CLASS       | HAZARD CATEGORY |
|--------------------|-----------------|
| SKIN CORROSION     | 1B              |
| SERIOUS EYE DAMAGE | 1               |
| SKIN SENSITIZATION | 1               |

**Precautionary Statements** 

| Prevention: | Avoid breathing vapors, mist, or spray. Wash affected area thoroughly after handling.                              |
|-------------|--|
|             | Contaminated work clothing should not be allowed out of the workplace. Wear protective                             |
| _           | gloves, clothing, eye and face protection.   |
| Response:   | IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off                                  |
|             | immediately all contaminated clothing. IF INHALED: Remove victim to fresh air and keep at rest                     |
|             | in a position comfortable for breathing. Immediately call a POISON CENTER or physician. IF IN                      |
|             | EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and                       |
|             | easy to do. Continue rinsing. If skin irritation or rash occurs: Get medical attention. Wash                       |
|             | contaminated clothing before reuse.  |
| Storage:    | Store locked up.   |
|             |  |
| Disposal:   | Dispose of contents and/or container according to Federal, State/Provincial and local<br>governmental regulations. |
|             | governmental regulations.  |

Classification complies with OSHA Hazard Communication Standard (29 CFR 1910.1200) and is consistent with the provisions of the United Nations Globally Harmonized System of Classification and Labeling of Chemicals (GHS).

See Section 11 for additional toxicological information.

#### 3. COMPOSITION / INFORMATION ON INGREDIENTS

| Hazardous Component(s)                   | CAS Number | Percentage* |
|--|------------|-------------|
| 3,3'-Oxybis(ethyleneoxy)bis(propylamine) | 4246-51-9  | 90 - 100    |

\* Exact percentages may vary or are trade secret. Concentration range is provided to assist users in providing appropriate protections.

| 4.                                 | FIRST AID MEASURES  |
|------------------------------------|---|
| Inhalation:                        | Move to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.  |
| Skin contact:                      | Immediately flush skin with plenty of water (using soap, if available). Remov<br>contaminated clothing and footwear. If symptoms develop and persist, get<br>medical attention. Wash clothing before reuse. |
| Eye contact:                       | Rinse immediately with plenty of water, also under the eyelids, for at least 1 minutes. Get medical attention.  |
| Ingestion:                         | Do not induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention.   |
| Symptoms:                          | See Section 11.   |
| 5. F                               | IRE FIGHTING MEASURES   |
| Extinguishing media:               | Water spray (fog), foam, dry chemical or carbon dioxide.  |
| Special firefighting procedures:   | Wear self-contained breathing apparatus and full protective clothing, such a turn-out gear.   |
| Unusual fire or explosion hazards: | In case of fire, keep containers cool with water spray.   |
| Hazardous combustion products:     | Oxides of carbon. Amines. Toxic and irritating vapors.  |

### 6. ACCIDENTAL RELEASE MEASURES

Use personal protection recommended in Section 8, isolate the hazard area and deny entry to unnecessary and unprotected personnel.

| Environmental precautions: | Do not allow product to enter sewer or waterways.  |
|----------------------------|--|
| Clean-up methods:          | Remove all sources of ignition. Ensure adequate ventilation. Isolate area.<br>Keep unnecessary personnel away. Soak up with inert absorbent material<br>(e.g. sand, silica gel, acid binder, universal binder, sawdust). Store in a closed<br>container until ready for disposal. Refer to Section 8 "Exposure Controls /<br>Personal Protection" prior to clean up. |

### 7. HANDLING AND STORAGE

| Handling: | Use only with adequate ventilation. Keep away from heat, spark and flame.<br>Prevent contact with eyes, skin and clothing. Do not breathe vapor and mist.<br>Wash thoroughly after handling. Refer to Section 8. |
|-----------|--|
| Storage:  | Keep in a cool, well ventilated area away from heat, sparks and open flame.<br>Keep container tightly closed until ready for use.  |

#### For information on product shelf life, please review labels on container or check the Technical Data Sheet.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Employers should complete an assessment of all workplaces to determine the need for, and selection of, proper exposure controls and protective equipment for each task performed.

| Hazardous Component(s)                   | ACGIH TLV | OSHA PEL  | AIHA WEEL  | OTHER                 |
|--|-----------|---|--|-----------------------|
| 3,3'-Oxybis(ethyleneoxy)bis(propylamine) | None      | None  | None   | None                  |
| Engineering controls:                    |           | e adequate local exhaus<br>ure limits.                  | t ventilation to maintain w  | vorker exposure below |
| Respiratory protection:                  |           | NIOSH approved air-pur shed exposure limits exist       | ifying respirator if the potests.  | ential to exceed      |
| Eye/face protection:                     | be use    |   | es with side shields. Full f<br>shing or spraying of produ<br>s should be available. |                       |

#### 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Color: Odor: Odor threshold: pH: . Vapor pressure: Boiling point/range: Melting point/ range: Specific gravity: Vapor density: Flash point: Flammable/Explosive limits - lower: Flammable/Explosive limits - upper: Autoignition temperature: Flammability: Evaporation rate: Solubility in water: Partition coefficient (n-octanol/water): VOC content: Viscosity: Decomposition temperature:

Liquid Colorless Ammoniacal Not available. Not available. Not available. Not available. Not available. 1.01 Not available. 121 °C (249.8 °F) Not available. Not available. Not available. Not applicable Not available. Soluble Not available. 0% Not available. Not available.

#### **10. STABILITY AND REACTIVITY**

| Stability:                           | Stable under normal conditions of storage and use.   |  |
|--------------------------------------|--|--|
| Hazardous reactions:                 | None under normal processing.  |  |
| Hazardous decomposition<br>products: | Oxides of carbon. Irritating organic vapours.  |  |
| Incompatible materials:              | Acids.   |  |
| Reactivity:                          | Not available.   |  |
| Conditions to avoid:                 | High temperatures. Store away from incompatible materials. Heat, flames, sparks and other sources of ignition. |  |

## **11. TOXICOLOGICAL INFORMATION**

Relevant routes of exposure: Skin, Inhalation, Eyes, Ingestion

#### Potential Health Effects/Symptoms

| Inhalation:   | Mists, vapors or liquid may cause severe irritation or burns.                                 |  |
|---------------|---|--|
| Skin contact: | Causes skin burns. May cause allergic skin reaction.  |  |
| Eye contact:  | Causes serious eye damage.  |  |
| Ingestion:    | May cause irritation or burns of mouth, throat, and stomach, with nausea, abdominal pain, and |  |
|               | possible collapse.  |  |

| azardous Component(s) LD50s and LC50s    |      | Immediate and Delayed Health Effects |
|--|------|--------------------------------------|
| 3,3'-Oxybis(ethyleneoxy)bis(propylamine) | None | Corrosive                            |

| Hazardous Component(s)                   | NTP Carcinogen | IARC Carcinogen | OSHA Carcinogen<br>(Specifically Regulated) |
|--|----------------|-----------------|---|
| 3,3'-Oxybis(ethyleneoxy)bis(propylamine) | No             | No              | No  |

### 12. ECOLOGICAL INFORMATION

Ecological information:

Not available.

#### **13. DISPOSAL CONSIDERATIONS**

Information provided is for unused product only.

Recommended method of disposal:

Hazardous waste number:

D002: Corrosive.

#### **14. TRANSPORT INFORMATION**

The transport information provided in this section only applies to the material/formulation itself, and is not specific to any package/configuration.

| U  | S. Department of Transportation Ground (4<br>Proper shipping name:<br>Hazard class or division:<br>Identification number:<br>Packing group:  | I9 CFR)<br>Amines, liquid, corrosive, n.o.s. (3,3'-oxybis(ethyleneoxy)bis(propylamine))<br>8<br>UN 2735<br>II |
