

Revision Number: 007.0

Issue date: 07/27/2022

#### PRODUCT AND COMPANY IDENTIFICATION 1.

Product name: Product type/use: **Restriction of Use:** Company address: Henkel Corporation One Henkel Way Rocky Hill, Connecticut 06067

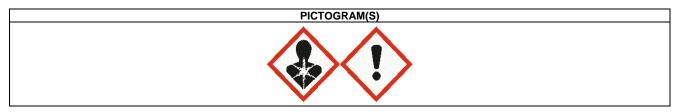

LOCTITE SI 5999 known as 5999 GREY Silicone None identified

**IDH number:** 231230 21744 Item number: **United States** Region: Contact information: Telephone: +1 (860) 571-5100 MEDICAL EMERGENCY Phone: Poison Control Center 1-877-671-4608 (toll free) or 1-303-592-1711 TRANSPORT EMERGENCY Phone: CHEMTREC 1-800-424-9300 (toll free) or 1-703-527-3887 Internet: www.henkelna.com

## 2. HAZARDS IDENTIFICATION

#### **EMERGENCY OVERVIEW** DANGER: MAY CAUSE AN ALLERGIC SKIN REACTION. CAUSES SERIOUS EYE IRRITATION. MAY CAUSE CANCER. MAY CAUSE DAMAGE TO ORGANS THROUGH PROLONGED OR REPEATED EXPOSURE.

| HAZARD CLASS                                       | HAZARD CATEGORY |
|--|-----------------|
| EYE IRRITATION                                     | 2A              |
| SKIN SENSITIZATION                                 | 1               |
| CARCINOGENICITY                                    | 1A              |
| SPECIFIC TARGET ORGAN TOXICITY - REPEATED EXPOSURE | 2               |

#### **Precautionary Statements**

| Prevention: | Obtain special instructions before use. Do not handle until all safety precautions have been<br>read and understood. Do not breathe dust or fumes. Wash affected area thoroughly after<br>handling. Contaminated work clothing should not be allowed out of the workplace. Wear   |
|-------------|---|
|             | protective gloves, clothing, eye and face protection.   |
| Response:   | IF ON SKIN: Wash with plenty of water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF exposed or concerned: Get medical attention. If skin irritation or rash occurs: Get medical attention. If eye irritation persists: Get medical attention. Wash contaminated clothing before reuse. |
| Storage:    | Store locked up.  |
| Disposal:   | Dispose of contents and/or container according to Federal, State/Provincial and local<br>governmental regulations.  |

Classification complies with OSHA Hazard Communication Standard (29 CFR 1910.1200) and is consistent with the provisions of the United Nations Globally Harmonized System of Classification and Labeling of Chemicals (GHS).

See Section 11 for additional toxicological information.

## 3. COMPOSITION / INFORMATION ON INGREDIENTS

| Hazardous Component(s) | CAS Number | Percentage* |
|------------------------|------------|-------------|
| Calcium carbonate      | 471-34-1   | 10 - 30     |

| Butan-2-one O,O',O"-<br>(vinylsilylidyne)trioxime | 2224-33-1  | 1 - 5   |  |
|---|------------|---------|--|
| Silica, amorphous, treated                        | 68909-20-6 | 1 - 5   |  |
| 2-butanone oxime                                  | 96-29-7    | 1 - 5   |  |
| Aluminum  | 7429-90-5  | 0.1 - 1 |  |
| Quartz (SiO2), <1% respirable                     | 14808-60-7 | 0.1 - 1 |  |

\* Exact percentages may vary or are trade secret. Concentration range is provided to assist users in providing appropriate protections.

| 4.                                 | . FIRST AID MEASURES  |
|------------------------------------|---|
| Inhalation:                        | If not breathing, give artificial respiration. If breathing is difficult, oxygen should be administered by qualified personnel. Move to fresh air. If symptom persist, seek medical advice.   |
| Skin contact:                      | Wipe off paste with paper towel or cloth. Rinse with running water and soap Remove contaminated clothing and shoes. Seek medical attention immediately. Wash contaminated clothing before reuse. Thoroughly clean shoes before reuse. |
| Eye contact:                       | Rinse immediately with plenty of water, also under the eyelids, for at least 1 minutes. Get medical attention.  |
| Ingestion:                         | DO NOT induce vomiting unless directed to do so by medical personnel.<br>Never give anything by mouth to an unconscious person. Seek medical<br>attention immediately.  |
| Symptoms:                          | See Section 11.   |
| 5. F                               | IRE FIGHTING MEASURES   |
| Extinguishing media:               | Foam, dry chemical or carbon dioxide.   |
| Special firefighting procedures:   | Wear self-contained breathing apparatus and full protective clothing, such a turn-out gear. Prevent inhalation of fumes and gases.  |
| Unusual fire or explosion hazards: | Closed containers may rupture (due to build up of pressure) when exposed extreme heat. In case of fire, keep containers cool with water spray.  |
| Hazardous combustion products:     | Oxides of carbon. Oxides of silicon. Formaldehyde. Irritating organic vapour  |

## 6. ACCIDENTAL RELEASE MEASURES

Use personal protection recommended in Section 8, isolate the hazard area and deny entry to unnecessary and unprotected personnel.

**Environmental precautions:** 

Clean-up methods:

Do not allow product to enter sewer or waterways.

Ensure adequate ventilation. Wear appropriate personal protective equipment. Refer to Section 8 "Exposure Controls / Personal Protection" prior to clean up. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Scrape up spilled material and place in a closed container for disposal.

# 7. HANDLING AND STORAGE

Handling:Use only in well-ventilated areas. Use only in area provided with appropriate<br/>exhaust ventilation. Vapours should be extracted to avoid inhalation. Prevent<br/>contact with eyes, skin and clothing. Do not breathe vapor and mist. Wash<br/>thoroughly after handling. Wear suitable protective clothing, gloves and<br/>eye/face protection. Refer to Section 8. Do not wear contact lenses. Do not<br/>handle contact lenses until all sealant has been removed from hands.<br/>Residual sealant may transfer to lenses and cause eye irritation. Keep<br/>container closed.Storage:For safe storage, store between 8 °C (46.4 °F) and 28 °C (82.4 °F)<br/>Keep in a cool, well ventilated area away from heat, sparks and open flame.<br/>Keep container tightly closed until ready for use. Store in a dry area below 90°<br/>F.

For information on product shelf life, please review labels on container or check the Technical Data Sheet.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Employers should complete an assessment of all workplaces to determine the need for, and selection of, proper exposure controls and protective equipment for each task performed.

**Engineering controls:** 

Respiratory protection:

Eye/face protection:

Skin protection:

Provide adequate local exhaust ventilation to maintain worker exposure below exposure limits.

Use NIOSH approved respirator if there is potential to exceed exposure  $\mathsf{limit}(s).$ 

Safety goggles or safety glasses with side shields. Full face protection should be used if the potential for splashing or spraying of product exists. Safety showers and eye wash stations should be available.

Use chemical resistant, impermeable clothing including gloves and either an apron or body suit to prevent skin contact.

Paste Gray Mild Not available. 7 - 9 < 5 mm hg < 6.67 hPa (20 °C (68°F)) > 200 °C (> 392°F) > 400 °C (> 752°F) 1.5 at 20 °C (68°F) Not applicable, Product is a solid. Not applicable Not available. Not available. Not available. The product is not flammable. Not available. Polymerises in presence of water. Not available. 4.16 %; 59.55 g/l Not available. > 100 °C

## **10. STABILITY AND REACTIVITY**

| Stability:                           | Stable at normal conditions.  |
|--------------------------------------|---|
| Hazardous reactions:                 | None under normal processing.   |
| Hazardous decomposition<br>products: | Formaldehyde. Methyl ethyl ketoxime formed during cure. Oxides of silicon. Oxides of carbon.<br>Irritating fumes. |
| Incompatible materials:              | Polymerizes on contact with water. Oxidizing agents. Acids and bases. Amines.                                     |
| Reactivity:                          | Not available.  |
| Conditions to avoid:                 | Keep away from heat, ignition sources and incompatible materials. Protect from direct sunlight. Moisture.         |

#### 11. TOXICOLOGICAL INFORMATION

Relevant routes of exposure:

Skin, Inhalation, Eyes, Ingestion

#### Potential Health Effects/Symptoms

| Inhalation:                                 | When heated to temperatures exceeding 300° F (150° C) in the presence of air, silicones may form formaldehyde vapors. Formaldehyde is a potential cancer hazard and a known skin and respiratory sensitizer. Vapors irritate the eyes, nose and throat. Safe handling conditions may be maintained by keeping formaldehyde vapor concentrations below the OSHA permissible limit. Inhalation of vapors from uncured sealant may cause respiratory tract irritation. Can cause central nervous system effects like dizziness, drowsiness, headache, and nausea. Abrasion of cured material such as by sanding or grinding could release respirable particles of silica quartz, a cancer hazard by inhalation. Normal use of this product causes no such release. |
|---|---|
| Skin contact:<br>Eye contact:<br>Ingestion: | May cause skin irritation. May cause allergic skin reaction.<br>Causes serious eye irritation.<br>Not expected under normal conditions of use. May cause gastrointestinal tract irritation if<br>swallowed.   |

| Hazardous Component(s)                            | LD50s and LC50s   | Immediate and Delayed Health Effects  |
|---|---|---|
| Calcium carbonate                                 | Oral LD50 (Rat) = 6,450 mg/kg<br>Oral LD50 (Mouse) = 6,450 mg/kg<br>Inhalation LC50 (Rat, 4 h) = > 3 mg/l | Nuisance dust   |

## 12. ECOLOGICAL INFORMATION

**Ecological information:** 

Not available.

## **13. DISPOSAL CONSIDERATIONS**

Information provided is for unused product only.

Recommended method of disposal:

## **14. TRANSPORT INFORMATION**

Follow all local, state, federal and provincial regulations for disposal.

The transport information provided in this section only applies to the material/formulation itself, and is not specific to any package/configuration.

U.S. Department of Transportation Ground (49 CFR)

| Proper shipping name:     | Not regulated |
|---------------------------|---------------|
| Hazard class or division: | None          |
| Identification number:    | None          |
| Packing group:            | None          |

International Air Transportation (ICAO/IATA)
