MetroMax i® & MetroMax 4™ Clear Solid Ledges

Clear Solid Ledges

- **Clear, Solid Design:** Clear PVC material offers visible access to stored contents and contains small loose items. 4" (203mm) tall.
- **Stackable:** Interlocking clips enable the ledges to securely stack on top of one another.
- **Customizable Storage Space:** Stackable ledges used with 8" (203mm) polymer ledges create custom-sized bin locations that optimize the use of the shelf space.
- **Easy to clean and maintain:** Smooth surfaces easily wipe clean. Ledges can also be removed for thorough cleaning in sinks or wash machines .
- **Smooth, Protective Surfaces:** Smooth, flat surfaces protect packaged shelf contents from unwanted rips, tears, or damage.
- **Built-in Label Holder** allows locations to be clearly marked for efficient organization and access.
- **Compatibility:** Models available for MetroMax i and MetroMax 4. MetroMax i clear ledges mount open grid or solid MetroMax i shelves and are compatible with original generation MetroMax. MetroMax 4 models mount to MetroMax 4 shelves only.

Shown with universal 8" (203mm) tall polymer divider.
