Job _____

STARSYS® XD Enclosed Storage

The Starsys Extra Depth (XD) Tall Cabinets and Carts deliver 20% more storage capacity than standard Starsys. Occupying the same footprint as mobile Starsys with wire shelves, Starsys XD increases the utility of available storage space by storing more without taking up more floor space. The ability to slant a shelf enhances access to and visibility of contents stored. The availability of shelf dividers, label holder and bins provides organization of those contents. Starsys XD accommodate bins up to 24" (610mm) [or two bins deep up to 12" (305mm)] to support Lean or Two-Bin Kanban configurations.

Starsys XD Cabinets and Carts have a heavy duty polymer exterior that includes Microban® antimicrobial product protection to help keep surfaces cleaner between cleaning. Starsys XD units are available preconfigured with one easy order part number or can be configured to meet the specific departmental or operational requirements.

Starsys XD Tall Carts are available in single, double, and triple wide configurations. Starsys XD Tall Cabinets are available in single and double wide configurations.

Benefits

- Choice of stationary cabinets or carts
- Cart mobility supports efficient and effective replenishment or the staging of supplies at the point of use
- Polymer enclosure won't chip, peel, dent or rust
- Microban® antimicrobial product protection in the polymer keeps product cleaner between cleanings
- Metal framework provides structural rigidity
- Starsys XD wire shelves easily adjust to a 20° up-angle for better visibility or 20° down-angle for supply containment
- Extra depth shelf design can accept two 12" (305mm) bins front to back to support Lean Two-Bin Kanban processes
- Capacity for on-board storage of empty bins during transit for supply replenishment identification
- Available with Clear Doors for visual access or Solid Doors for passive security
- Security can be enhanced by configuring doors with a key lock or an electronic lock

CLEANER BY DESIGN™

- Microban® antimicrobial protection helps to keep products "cleaner between cleanings."
- Advanced polymer and other proprietary finishes provide corrosion resistance.
- Smooth, rounded corners to allow for easier cleaning.

*Microban protection is not designed to protect users against disease causing microorganisms.

Starsys® XD Enclosed Storage

Specifications

- **Cart Body:** High-density polyethylene (HDPE) side panels and ABS polymer top and bottom shrouds. All exterior polymer surfaces contain Microban® antimicrobial product protection.
- **Cart Frame:** Baked-on epoxy-coated cold-rolled steel (CRS) top and bottom frames with ABS polymer shrouds, attached to four extruded clear anodized aluminum posts with chrome plated slotted inserts, with 1" (25mm) shelf adjustability.
- **Standard Casters:** Four 5" diameter polyurethane casters, two front casters with easily accessed toe brakes and two rear swivel casters.
- **Cabinet Body:** Blow molded HDPE side panels, and solid HDPE floor and top. All exterior polymer surfaces contain Microban® antimicrobial product protection.
- **Cabinet Frame:** Baked on epoxy coated CRS base frame, attached to four extruded clear anodized aluminum posts with chrome plated slotted inserts with 1" (25mm) shelf adjustability.
- **Door:** Blow molded HDPE, with Microban antimicrobial protection, door panel with epoxy coated CRS reinforcement. Optimal clear acrylic windows.

Accessories

Door Locking:

- No Lock (not shown)
- Manual Key Lock (Fig. 1)
- Electronic PIN Lock (Fig. 2)

Fig. 1

Fig. 2

Note: Standard code lock is an auto locking mechanism that locks upon closing the door. Manual code locking is available via custom engineering.

Electronic PIN Lock (with key override) Features:

- Eliminates the need to carry a key
- Programmable 4 to 8-digit PIN
- Simple operation: Type a valid PIN, press ENTER, turn the lever to unlock, turn back to lock.
- Low battery indicator - Powered by 2-AAA batteries (included),
- Easy to maintain: Simply remove retaining screw to access/replace batteries, only 1x per year
