

BU-00286

(Insulated Alligator Test Lead Set)

- The BU-00286 is a set of insulated, alligator clip test leads which are used to test electrical components or circuits.
- Constructed with 22 (19/34) AWG, PVC-jacketed wire with color-matching insulators.
- Utilizes Mueller's BU-70 alligator clips.
- Material: Wire insulation PVC
 Alligator clips Nickel-plated steel
 Clip insulators Flexible PVC
- Ratings: Current 7 Amps
 Voltage Hands-free testing to 300V
- Length: Each lead is 12" (30cm)
- Color: 1 each of (Black, Red, Yellow, Green, White)
- RoHS 3 compliant
