CMAC 5095

Straight splitter cable for USB communication and power supply

This four-core shielded USB cable has a standard USB Type A plug. The cable is used for USB communications and power without a docking station. The USB Type A plug is used to connect to the PC, while the in-line DC jack socket connects to a universal power supply and the Fischer plug connects to SKF Microlog.

- Connects SKF Microlog to a PC and a universal power supply
