

10QP

Mechanical Loader, Quad Plate

PRODUCT DETAILS

- Permits mounting up to four torque transducers on the ML250 Mechanical Loader
- Ideal accessory for testing tools of varying capacity
- TT and STT-P transducers for up to 250 ft-lb capacity
- Plates locks in position, then unlocks in seconds to rotate and permit physical changeover to a different transducer
- When a Switch Box is used to route the electrical connection, total changeover time from one transducer to another is about 10-15 seconds
- Compatible with System 4/5 Digital Torque Testers
- PLEASE NOTE: See below for manuals & details drawings; click the drop down menu, click on specific product PDF, click the download button
