

# HIJ-43C-(Size)

## Tech Wear Style Sheet

This ESD jacket is designed for comfort with a contoured open neckline, roomy raglan sleeves and snap front. The matching ESD knit cuffs and ground snap connections on the hip pockets allows for hands-free movement without tethering one hand, which is required when using a wrist strap connected to a ground cord.

Surface resistivity of the fabric is  $1 \times 10^5$  and the sleeve-to-sleeve resistance of the garment is guaranteed to stay below  $3.5 \times 10^7$  for 100 washes or 2 years.

Standard Ground Cord connected to snap on pocket

*(See back for dimensions & additional information)*

# HIJ-43C-(Size)

This Hallmark-style jacket comes with 4mm male ground snaps on the hip pockets. This snap connection is for attaching a standard ground cord. Using the garment in this way eliminates the need for a wrist strap. This connection is also used for testing and/or monitoring that the garment and the wearer are grounded. The "Reaching Hand Symbol" next to the breast pocket indicates that this garment is a tool for the prevention of static discharge. This garment is available in most colors for immediate shipment.
