Product Data Sheet

ESD-Safe Tape Dispenser, Holds 3 Rolls 1" Wide with 3" Core

Part Number 758ST603

General Specifications

Brand	Techni-Pro
Color	Blue/Gray
Number of rolls	3
ESD safe	Yes
Cord Size	3"

Product Information

A high-quality steel desktop tape dispenser comes with a weight rubber-lined base to secure the dispenser to the work surface. The dispensers are compatible for tapes with a 3 in. core diameter and the maximum outside roll diameter that can be supported/held is 5 in., so it works perfectly with office supply tapes and ESD tapes. The extra-wide serrated blade reduces the working time required to align the tape with the cutting edge, which increases speed and efficiency. A pivoting blade guard provides protection from accidental contact. When closed, it will also assist in keeping the tape secure from rolling back on itself. The two available sizes make way for wider rolls of antistatic tape, or mixing and matching multiple widths on the same ESD tape dispenser.

⟫ Techni-Pro

Wider selection | Higher quality | Stronger value

We've engineered a new private-label brand for world-class production supplies. You probably already know Techni-Pro products as Techni-Tool, Tec-Cut, Techni-Stat, Tec-Tuff, and other brands. Our goal was the same as it has always been: To give you more. More equipment. More supplies. More value.
