

ESD Workstation Cover

Part Numbers 10093063-10093072

Product Information

The Techni-Pro Workstation Cover is a washable, blue, ESD-Safe workstation cover constructed of polyester and featuring a 4 mm grounding snap. Designed to provide a Faraday cage over the entire workstation while shielding work in progress from static, dust, etc, the cover features a silk-screened ESD symbol in the center and bound edges.
