Product Data Sheet

900M-T Longlife Soldering Iron Tip, K

TNP100260EA

Features: Bent / round
Application: Applicable to fine welding,
the case of small space

Product Information

- Advantage: Painted and environmentally friendly soldering iron tip has high temperature resistant, more suitable for high melting point soldering.
- Easy to Use: This inner heating soldering iron tips heat up quickly, has a long service life, easy to tin, and does not produce virtual welding.
- Practical: The welder tip is suitable for 102C/102D,933D soldering iron handles and for 936/939/938/878/898 series soldering stations.
- Application: This soldering iron tip is suitable for soldering machines that require a large amount of tin, such as large soldering area, thick terminal, large soldering pad, etc.

Technical Details & Cleaning Data

Material	Oxygen-free copper Cu
Weight	About 15.5g
Iron Tip Type	K
Tip Size	0.196"(5mm)
Color	Silver
Length	1.693" (43mm)
Inside Diameter	0.125" (3.2mm)
Outside Diameter	0.255" (6.5mm)
Service Life	50000 solder joints
Country of Origin	China

Packaging

Part No.	TNP100260EA
