

Product NO. : 758PL6023

Product Type: High Precision Pliers

Made in: Switzerland

Description: The 6023 is a high precision plier belonging to the long snipe nose plier family. The long jaw length improves the ease of the hold. The smooth surface on the jaw prevents scratches while holding. The 6023 is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges. The jaws are hardened to 45HRC hardness.

Head Description: Long Snipe Nose, Smooth Jaws

Body material: High carbon-chromium low alloy steel (100Cr6)

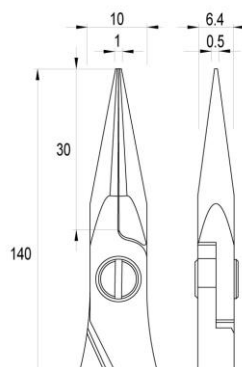

Handle material: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
