

Product Data Sheet

Stainless Steel Forceps

10234358

Product Information

Hemostatic Forceps are ideal for professional use in electronic repair, medical, or any operation that requires a delicate touch. The large finger loops, precision tips, and serrated self-locking jaws are ideal for grasping small objects securely.

- Special stainless steel, Corrosion resistant, High tensile strength, heat-resistant.
- PVC handles feature a soft non-slip texture and are designed for repetitive use.
- Special stainless steel, Corrosion resistant, High tensile strength, heat-resistant.
- PVC Phthalate Free Grips as per California Proposition 65.

»» Techni-Pro

Wider selection | Higher quality | Stronger value

We've engineered a new private-label brand for world-class production supplies. You probably already know Techni-Pro products as Techni-Tool, Tec-Cut, Techni-Stat, Tec-Tuff, and other brands. Our goal was the same as it has always been: To give you more. More equipment. More supplies. More value.
