

Product NO. : 758PL6041

Product Type: High Precision Pliers

Made in: Italy

Description: The 6041 is a high precision plier belonging to the round plier family. Its unique geometry supports the operator in component manipulation processes. The smooth surface on the jaw prevents scratches while holding. The 6041 is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharges. The jaws are hardened to 45HRC hardness.

Head Description: Round Nose, Smooth Jaws

Body material: High carbon-chromium low alloy steel (100Cr6)

Handle material: ESD safe - Thermoplastic Elastomer TPE + Polypropylen compound PP
